

Tracey at the table

OUR GUEST TEACHER · SUNDAY, NOVEMBER 22

Meet *Tracey* Bauer

Founder of Bridge Unleashed and winner of two World Bridge Federation women's online festivals.

Tracey Bauer was a Spades expert long before she played her first hand of bridge. She sat down at a bridge table in her 30s, the game clicked, and she never looked back.

She won those two festivals in 2020 and 2022, the second with a partner from Slovenia. Today she teaches the game in plain English, with real hands and a sense of humor. Her YouTube channel holds more than 1,000 videos, and more than 12,000 people follow Bridge Unleashed on Facebook.

♠ Three things to know before Sunday ♥

1♠

She learned Spades first.

If you came to bridge from another card game, she knows the road you took.

2♥

She explains bridge with television.

Her short videos have paired The Big Bang Theory with the Law of Total Tricks and Sex and the City with Roman Keycard.

3♣

She will ask what you would bid.

Her quick bidding questions are on Facebook, Instagram and YouTube. Try one before Sunday.
