

DISTRICT 9 COACHING AND PRACTICE SESSIONS FOR FLIGHT “C” PLAYERS

This informational announcement is directed to our 499 NLM players and all those players who are eligible as of August 6 2019 to participate in the 2021 GNT Flight C games on BBO May 18-19,2021. You are invited to watch two free lessons via Zoom and to play in two short practice team games with a Coach to advise you on Shark Bridge. This hopefully will interest you enough to play in the upcoming GNT Team Event that could qualify your team for the National Team game later this year.

Our Club as a member of District 9 has been invited to a District-wide **Swiss Team Coaching opportunity** for C-Flight players interested in playing in Swiss Teams. The goal is to give teams enough information to get them prepared and excited about the new Virtual Swiss games at clubs AND the Grand National Teams(GNT). A team is a minimum of 4 players and a maximum of 6 players.

The C-Flight is open to current players who are now or were Non-Life Master players with fewer than 500 points as of August 2019. Yes, the date for eligibility is almost 20 months ago! This is due to the cancellation of the event in 2020 so there is a 'lookback' date for all players.

As a C Flight player, you qualify to receive an informational introductory session, **two free coaching sessions and a strategy session for Swiss Team games.**

For our 499 NLM members, even if you are unsure about playing in the GNTs, you can attend the info session on Tuesday April 20th at 10am through Zoom. It will clear up a lot of questions and you can connect with others that may be looking for teammates. You will learn more about the fun of participating in Swiss Team games.

Individuals can watch the Introductory Zoom session Tuesday April 20 which will begin to answer questions regarding the practice sessions. Jay Whipple and others will help you understand how to participate in the SHARK BRIDGE PRACTICE GAMES shown on the schedule below . **You will not need a password to access the Zoom event on April 20. Just use the link shown below which should be available at approximately 9:45 am. READ THE DETAILS BELOW CLOSELY.**
