

The following is an update on the clubs instituting a new Reservation program.

The existing program will be maintained until Tuesday, September 8. You should continue to make reservations at this site. Wednesday September 10 you will not be to make any Reservations on this program. Reservations made before the closure will be available to game directors and used by them for seating purposes for the next week. However, any recurring Reservations you made have made for future games will not be carried forward.

Tuesday night all Reservations made in the new system will be deleted. If you have made Reservations on this program they will be erased. You should make new Reservations.

Starting Wednesday September 9, Reservations for all games will be entered on the new program.
