

Change of evening for Teams session from September 2026

Attendance at the Club's Teams session on the first Friday of each month at the hall has been low for some time, with a maximum of four teams and sometimes only three.

This is a little surprising when the number of Wallingford teams competing in the 8-team members evening and 4-team members daytime Wessex League Team competitions last year had increased to 5 and 4 respectively. As those players will know, Teams scoring and tactics needed are a little different from most of our other pairs competitions and many players find this a very enjoyable experience.

A few members have said they would be more likely to play in a monthly Teams competition if held on a Thursday evening, rather than on a Friday. Almost all the existing Friday evening Teams players have stated they are able to switch to a Thursday evening if this leads to a higher attendance.

To find out whether we would have more teams attending on a Thursday evening, from September we will hold the monthly evening Teams competition on the first Thursday of each month, starting at 7:00 pm. This will start from 3 September.

If you would like to play in a Teams evening session and either do not have a partner or you have a partner but not another pair to form a team, please contact me via secretary@wallingfordbridgeclub.org.uk and I will do my best to match you with other players.

Thank you.

Peter Dyer

Vice Chairman
