

# Kansas Collective For iPhone

To add the Kansas Collective Bridge Club to the home screen on your iPhone, start with Step 1 on your unlocked smartphone while connected to the Internet.

## iPhone Steps

1. Open the Safari Browser 
2. Navigate to the Kansas Collective Bridge web page by typing either of the following in the Safari search bar:
  - kansascollective.org
  - bridgewebs.com/wdb
3. You should see the following displayed by Safari.
4. Tap this button
5. The following window opens.
6. Tap "Add to Home Screen" Button
7. This window opens and you will see the link to our web page and the "URL Name" Safari wants to call this on your home screen.
8. Tap on the text and edit the name. In this case I chose the letters "KSC" as shown which will be displayed on your home screen
9. Now tap "Add to Home Screen"
10. Presto you now have a link on your iPhone to the Kansas Collective Bridge Club home page.

# Kansas Collective For Android

To add the Kansas Collective Bridge Club to the home screen on your Android Phone, start with Step 1 on your unlocked smartphone while connected to the Internet..

## Android Steps

1. Open the Chrome Browser
2. Navigate to the Kansas Collective Bridge web page by typing in either of the following in your Chrome search bar:
  - [Kansascollective.org](http://Kansascollective.org)
  - [bridgewebs.com/wdb](http://bridgewebs.com/wdb)
3. You should see the following displayed in Chrome.
4. Tap this button
5. The following window opens.
6. Tap "Add to Home Screen" text
7. This window opens and you will see the "URL Name" Chrome wants to call this on your home screen.
8. Tap on the text and edit the name. I named mine "KSC" in capital letters as shown.
9. Now tap "Add" text
10. Presto you now have a link on your Android Phone home page to the Kansas Collective Bridge Club home page.
