

Tuesday Evening Bridge

7-High Session

This session will continue as a standard Club session.

The session will only differ from other Mixed Ability Club sessions in two regards;

Qualification to play will be those players whose NGS is 7 or lower

It will be 18 Boards rather than 24 Boards to keep the finish time earlier.

The NGS ranking of the 134 Club members who have an NGS of 7 or lower and therefore qualify to play in this session, has been taken on 18th July 2026 and is available from the Notice for this session on the Home Page using the link entitled “Click to see if you are eligible”. It does not include those players without an NGS who also qualify to play at this session!

This list will not be updated until 1st January 2027.

For the avoidance of doubt, if you are on the list and your NGS rises above a 7, you can still play until the list is updated but if your NGS has slipped to a 7 (or lower), you will have to wait until the list is updated.

In all other regards, the set up will be the same as other “Mixed Ability” sessions i.e. no crib sheets, no assistance, Masterpoints awarded with results posted on the Club website and submitted to the EBU counting towards your NGS Ranking.

Play will start at 7:00pm with a target finish of 10:00pm.

Please be seated by 6:50pm.

A Host will be provided so you can turn up without a prearranged partner.

Come along and play against your peers
