Ooops!

We've had a couple of reports recently of BBO not performing as expected. In one case the Robots failed to make their opening bid. This was resolved by the partnership logging off and logging on. The second case was a 'host' anomaly. The Host logged off and logged on again and the anomaly disappeared. So the message seems to be—if you have some sort of strange occurrence initially try logging off and logging on to see if this resolves the problem!

Face to Face News

Harvey's, the new, social duplicate club is proving to be an enjoyable weekly event running 1—4pm on Thursday in Lytchett Minster. For more information and to register interest please contact Moira Ledger mledger@btinternet.com or Jenny Heap jheap49@btinternet.com

Call the Director

Q:What do you do if you wish to communicate with the Host whilst playing? For example if your partner is having internet problems and you want a temporary robot installed or you'd like to request extra time.

A: You can phone the Host, or if you prefer you can send a message using the 'Call Director' option on BBO. To 'Call Director' click on the three white lines on the blue background and that will bring up a menu, and click on Call Director. Your message will then be displayed to the Host and the Host should act on it. Please be patient though, as the Host will be playing and may not initially notice your message.

Don't forget we're Free, and we'd love you to encourage your Bridge-playing friends to give us a try—and it is so simple:

- 1) They must register with us by sending an email to wobc@bridgewebsemail.com providing their name, BBO name, mobile number, and email address.
- 2) When their details have been added to the Club they will receive a Welcome email with a few guidance notes, confirming they are now able to play on Wimborneon.

Provisional - Our Christmas meal will be at The Bridge House, Longham in the New Year. More details next month.
